Tr becomes wide path at back edge of **Pine Hill Cemetery**, then ascends and turns right to follow ridge (ridge traces the fault line that marks the edge of the newer volcanic rocks to the east, which are the remains of the Boston Volcano of 600 million years ago). Good woodland views by taking a westerly detour from the BCT and looking out over the ridge. The trail meets up with the pipeline and heads south to Farm Rd.

Map 9 - Sherborn and Medfield - THE JEWELS

Sherborn

Rocky Narrows Reservation (The Trustees of Reservations; 157 acres) and adjacent **Sherborn Town Forest** (Cons.Com; about 150 acres) - Complex network of trails, mostly easy or moderate difficulty. One steep trail ascending to dramatic vistas over the Charles River, passing thru hemlock groves (unusual this far south). Canoe landing and picnic area. Parking area (4-5 cars) on Forest St near jct with E.Goulding St

Sherborn Town Forest (3 sections) - This winding set of properties follows the Shell Oil pipeline, the result of a farsighted deal negotiated in 1940. The forest takes trail users from the southern to the northern part of town. Some of the trails follow the "Rim of Fire," the fault line between the older Precambrian rock on the west and the newer volcanic rock on the east, the remains of the cataclysmic Boston Volcano of 600 million years ago.

Broadmoor Wildlife Sanctuary (Massachusetts Audubon; 772 acres) - Well-marked trails; map available at visitors' center. Educational programs. Horses, dogs, and bicycles are not allowed. Parking lot on Eliot St (Rte 16) in Natick. 508-655-2296

Barber Reservation (Cons.Com; 189 acres) - Large variety of landscapes and habitats; fun place for children with open meadows and easy paths. Frequently used by equestrians. Parking on Western Ave behind rail fence.

Bailey Trail (Cons.Com) and adjacent **Pleasant St. Trail** (Sherborn Rural Land Foundation) - Easy to medium walks, gentle hills and trails thru granite ledge. Visit "Balanced Rock." Pond with swans. Parking on west side of Old Orchard Rd, close to Rte 16.

Brush Hill Trail (Cons.Com) - Seldom used trails because parking on adjacent narrow streets is difficult. However the sense of wildness it offers should appeal to those who walk to it.

Hildreth/Schoolhouse Trail (Cons.Com) - Some steep grades near the power lines, but a good variety of habitats. Good birdwatching, wildflowers. Dramatic rock ledge at northernmost point.

Parking on Pleasant St.

Leland Reservation (Cons.Com) - Easy walks thru a meadow across the street from parking. Some bushwhacking may be needed to reach ruins of old mills near Upper Mill Pond. Parking in lot on west side of Mill St, next to Lower Mill Pond.

Little Farm Pond (Massachusetts Audubon) - Short walk suitable for children to pond's edge, a seemingly "wild" spot close to town. Dogs and horses not allowed. Parking in small lot on Farm Rd, 100 yds east of jct Lake St and Farm Rd.

Peters Hill (Cons.Com) - Steep rock faces make this moderately difficult trail dangerous for careless children. Parking in lot on Coolidge St across from Prospect St.

Pine Hill Cemetery - beautiful pink granite monuments and stately trees grace the grounds

Medfield

Noon Hill (The Trustees of Reservations and Medfield Cons. Com; 590 acres) - Several miles of trails through woodlands, fields, wetlands, and around Holt Pond. Good views from top of Noon Hill. Contiguous to Corps of Engineers land along the Charles River and Stop River. Small parking lots on Noon Hill Rd.

Henry L. Shattuck Reservation (The Trustees of Reservations; 235 acres) - On the opposite side of Causeway St. from Noon Hill area. No formal trail system but open to the adventurous.

Medfield Rhododendron Reservation (The Trustees of Reservations; 196 acres) - Visit in early July to enjoy 50 acres of rhododendron in bloom. Accessible only through wetlands.

Rocky Woods Reservation and Fork Factory Reservation (The Trustees of Reservations; 488 acres and 144 acres) - beautiful and extensive trail system on eastern side of Medfield. Hills, wetlands, lakes, wildlife, and history. Take Hartford St north from Rte 109 to parking areas for both reservations. Map available from The Trustees of Reservations (order online)

Causeway Street - This road offers a pleasant walk east of the Charles River and crosses the Stop River, with some very nice views of wetlands. BCT follows this road to Noon Hill Rd.

Millis

Bridge Island Meadows (The Trustees of Reservations; 80 acres) - Accessible only by canoe or kayak from the Charles River, then west via a stream into South End Pond, this wooded upland rises to the east of the pond. If one can land and then bushwhack to the tree-covered knoll at the south end, the reward is a view of the surrounding flooplain
